

PROJECT CONTROLS CAPABILITY STATEMENT

Hilton Consulting Group is a boutique, woman- and minority-owned firm specializing in project controls services. We provide tailored solutions in **schedule review, delay analysis, estimating, and reporting**. Our expertise also includes Interactive Planning, claim support, Time Impact Analysis, and 4D scheduling services to enhance project performance, resolve complex issues, and drive successful project delivery from planning through completion.

We leverage our expertise to turn intricate project information into clear, strategic insights that empower you to make informed decisions. We pride ourselves on working collaboratively with owners, designers, and contractors to streamline processes, minimize risks, and achieve successful project outcomes.
